I have finished another map.

In the interests of publicity I am putting this info here.
Those of you that normally do, go right on ahead and flame away.

anyone thats actually interested, heres the skinny:

C&C Outpost DM

Features:

Nod Kane & GDI POW.
Nod Clergy & GDI Civilian resistance stealth units.
Modified 3 person desert hummers for both teams x 6.
Teleports.
Ion weapon base defs.

er actually it was a total nightmare throughout! hehe

It took about 4 weeks because of various problems.

Still a touch pop-up-ish in a few places cause of the vis stuff,

but a week ago it was in the 'never going to finish that' pile,

so if a few peeps can play it and have fun then thats good enough for me!

btw (sorry for the spam!   ),

can anyone point me in the direction of some info on making proxies?

Any help appreciated.

This ought to do it: http://modx.renevo.com/showthread.php?s=&threadid=182

More tutorials in the mod forum, it's in the bottom sticky post (or close to it).
