As of Feb 1st. 2004, JTeKSvr06 / JTeKSvr00 will be no more. Work on JTeKGuard will still be continued. And JTeKGuard will be released after I finish the dialog & fix an undisclosed bug.

On a side note: JTeKGuard will be an open source mIRC bot very much like DragonServ or DS, you can see JTeKGuard on JTeKSvr06 and DragonServ on BCServ BCServ2 BCServ3 BCServ4 BCServ5

Its a scripted mIRC moderation bot. As he said, very closely related to DragonServ. He is also stating that it will be open source.
