I have a probby with my fds

looks fine runs fine except it dont appear on the serv list   i have checked the login server to see if i am on the wrong one and im on right onw

my OS is Windows Server 2003 Standard[/quote]

Try locating the host nick and see if it says he is in a game.

yes it does when i click on join game the curser goes to the sand timer then goes to normal gain

EDIT: i have just started up the server now so you can see what i mean its on USA server and the host name is NightmaDS

yeah on the buddy list it says

Game: NightmaDS

when you click on Join Game in he buddy list the mouse curser goes to the sand timer and back

---

to normal but you are still in your buddy list

(try it out for your self the server is runnin now)

i have tried it on the nick Nightma12 and its the same i have even tried a different serial number

oh btw i have just discovered that it works fine on GSA
