What about your former President? Where are his... Oh yeah that's it... It's kind of hard to get when you are sitting in Canada.

Just so you know I can't find my DD214 but sure as hell know I served. John I can't belive you are going to support some fool who can't decide what side of the line to take. Kerry is a liar and a crook. When he called Bush and his party members the I think he really ment he and the Democrats.

A navy war hero. Fuck man he turned his back on those that served in Vietnam. I am having a hard time finding a Vietnam vet in the VFW that believes or supports Kerry. 99% of them do not trust him and they question his ability to lead.

Um, I'm a freaking war hero. 7 medals, 9 ribbons. I want to be president.....

Well, look at it this way K9, if Kerry gets elected, Spain will have a new ally in the pacification campaign.

" Maybee if we roll over and show our belly, they will be nice to us."

That's more than Kerry ever achieved in his four months in Vietnam. I wonder why he always talks about his service in Vietnam when he really didn't do all that much....

Because his military service was more than Bush's, and that makes it worth mentioning. :rolleyes:

But then again, Kerry "has been a virtual no-show in the U.S. Senate over the past 14 months, but he hasn't missed a paycheck, even though a dusty federal law says some of his \$158,000 salary should have been withheld."

sigh did you look at the records?

Has nothing to do with supporting Kerry or not

Our president (so it ollks from the documents) never finished his obligation and what is more used the politcal influnce of Daddy and others in getting out of that. He NEVER finished his obligation! Doesn't that bother you? I do not support Kerry I look at it all before I make my decision.

But it seems to me taht terrorism (I have proof on my desk at work) is growing world wide and they aren't stopping with the the US
